-
1. To accept and abide by all provisions of the “Water and Sewer Regulations” of the Town of Plainville, “Sewer use Ordinance” and all other pertinent ordinances or regulations that may be adopted in the future.
 2. To pay all cost of said particular sewer and its connection with the common sewer in the street, including labor and materials or any other expense incurred necessary for the proper construction of said particular sewer as determined by Water and Sewer Commissioners.
 3. To maintain the building sewer at no expense to the Town.
 4. For him, his heirs, devisees and assigns, that the said Water and Sewer Commissioners shall have access at all reasonable hours, to the said premises, to see that all laws, ordinance, rules and regulations relating to the sewer are complied with.
 5. To notify the Board when the building sewer is ready for inspection and connection to the public sewer, but before any portion of the work is covered.
 6. That; **no sump pump, floor drain nor cellar drain**, shall be connected to the sewer line in any manner, from any basement or area subject to flooding.
 7. I acknowledge that there is an additional permit associated fee required to be obtained from the Plainville Health Department prior to abandonment and de-commissioning of any existing on site disposal works as per Massachusetts Department of Environmental Protection Title 5 regulations.

Construction of the sewer connection will be completed within sixty (60) days of issuance of the permit.
